Term Glossary

TERM	DEFINITION
Account	A login credential that belongs to a casting member/project manager. It stores all their projects and preferences
Project	A container representing a movie idea that stores potential actors
Theme	The specific genre/style of a project
Talent	The actor/actress that can be the candidate for a specific character of a movie
Profile	An overview of a talent that may include their photos, videos, physical description, preferences, and prior work experience
Scout	Perform a randomized search for talent without any specific criteria
Filter	Perform a criteria-based search for talent based on age, height, appearance, race, genre, and/or location
Recruit	Adding other casting crew members as contributors to a project
Inspect	View or analyze a talent's profile
Cast	Assign talent to a certain role in a project
Uncast	Unassign talent from a certain role in a project
Archive	Mark a project as "complete" or "inactive" to indicate that it will no longer be updated

User Stories

1. As a casting team member, I want to be able to register for an account with *Golden Cast* so that I can easily organize my project and scout for talent with the website's database.

2. As a casting team member that already registered for the website, I want to be able to login with my email(Google Account/WeChat/Facebook account) so that I can access my account more quickly and easily.

3. As a casting team member, I want to be able to create a new project based on the movie that I am currently working on so that I can better manage the logistics of the casting process.

4. As a casting team member, I want to be able to establish the theme of my project so that I can easily filter talent that may be a more experienced or better fit for my needs.

5. As a casting team member, I want to be able to delete existing projects so that I can update my profile accordingly if production is postponed or canceled.

6. As a casting team member, I want to be able to discover a new talent I was not previously aware of.

7. As a casting team member, I want to be able to cast and uncast talent from my projects so that I can update the project according to my needs.

8. As a casting team member, I want to be able to filter talent based on a specific idea or theme so that I can quickly narrow my search results.

9. As a casting team member, I want to be able to easily inspect a talent's profile so that I can decide if their appearance matches the project's artistic vision.

10 As a casting team member, I want to be able to save my project into my account so that I can keep track of its progress.

11 As a casting team member, I want to be able to reset my password so that I can recover my account if I forgot my password.

12 As a casting team member, I want to have an easy way to scout new profiles I have never seen before so that I always have access to new talent.

13 As a casting team member, I want to have easy access to all of the updated photos and videos of the talent I am interested in so that I can quickly decide if they are a good fit for the role.

14 As a casting team member, I want to keep a list of candidates for a specific character in my projects so that I can compare and decide who fits better for the role.

15 As a casting team member, I want to be able to leave some comments for a certain talent so the leader can see my idea while choosing the final talent for the character.

16 As a casting team member, I want to be able to cast or uncast for a specific role so that my project remains up to date.

17 As a casting team member, I want to be able to recruit other members of the same project on the website so that we can cast talent and update the project collaboratively.

18 As a casting team member, I want to be able to archive to indicate when the casting process for a project is no longer active.

19 As a casting team member, I want to be able to delete my account if I am no longer interested in the services offered by *Golden Cast*.

20 As a website developer, I want to be able to delete or add talent profiles so that I can keep the contract with the actor company if talent joins or leaves the company.

21 As a website developer, I want to edit talent profiles so that I don't need to create or archive an entire profile whenever changes need to be made.
